

Ocean Beach Surf Lifesaving Club Community Partnership Program

Ocean Beach SLSC , was established in 1922, and is the oldest Surf Lifesaving Club on the Central Coast and one of the strongest surf clubs in NSW. It serves the Community in providing a safe aquatic environment.

We are also the oldest continuous Community Organisation on the Woy Woy, Ettalong and Umina Peninsula.

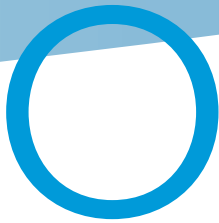

We continue to support the local community and maintain a proud tradition of “no lives lost” between the red and yellow flags during Patrol Hours.

The Club’s ethos centres on delivering a thoroughly professional community focussed service. Close engagement with its members and transparency around what the Club does, ensures that the club’s values and actions reflect the community’s and deliver outcomes that are relevant and of an exacting standard.

With over 600 members , including a vibrant and successful Nippers Program, the Club strives to retain its local community family feel while demanding the absolute safety and well-being of its members, others within the local community, and increasingly, visitors to the area. Inclusivity is a key pillar of the Club as we develop and integrate our Silver Salties Program which caters for over 60s and our Seagulls Program which supports young people with disabilities, into our day to day operations.
